TOWER HAMLETS

Key:

- Proposed bus gate
- Proposed road closures

If a bus gate is implemented at this location, a road closure will be required at Knighten Street so that motorists do not drive around the bus gate via Sampson Street and Knighten Street which would create a rat-run in this area.

All road closures will remain open for cyclists and pedestrians. Emergency vehicles will be allowed to use the bus gate.

This location is recommended because it includes fewer road closures on local streets.
