Dear Neighbour,

Works to start on Old Bethnal Green Road

We are pleased to inform you that work is due to begin on the Liveable Streets programme in the Bethnal Green neighbourhood. Following months of community engagement, this work forms the start of a multi-million pound borough-wide street and public space improvement programme. We're investing in quieter, greener streets with enhanced lighting and CCTV to improve safety for residents, businesses and visitors.

Works

Works are scheduled to begin on site on **Friday 12 June 2020** and will be completed in stages to minimise any disruption.

- There will be no through route for motor vehicles on Old Bethnal Green Road between Clarkson Street and Temple Street (*please see map on reverse*). Access for pedestrians and cyclists will be retained. This change will be widely communicated and signposted with alternative routes clearly indicated.
- All site works will take place between the hours of 08:00 & 18:00 and the team will work hard to keep any unnecessary noise to a minimum.

Covid-19

The delay in getting to site has been caused partly due to the general slow down in processes due to the current Covid-19 environment which has affected all partners in the construction industry.

The welfare of our team, residents and visitors is our number one priority so we will be following Government advice on working safely, whilst making sure social distance is observed. We will continue to monitor the advice given and make any necessary adjustment to our work should the advice change. Visit gov.uk/coronavirus for the latest national guidelines.

Updates

We will update each neighbourhood on the specific works taking place on the roads around them, however if you need more information, visit our website www.towerhamlets.gov.uk/liveablestreets

Get in Touch

If you have any concerns or queries regarding the works, please do not hesitate to contact us. Email liveablestreets@towerhamlets.gov.uk or call 020 3092 0401 (weekdays 9am to 5pm).

Yours sincerely,

The Liveable Streets Team
